

FOSS CA PLANTS AND ANIMALS MODULE

Quantities for Multiple-Class Use

ADDITIONAL MATERIALS

There are enough consumable materials in the **Plants and Animals** kit for use with TWO classes of UP TO 32 students on the same day. To insure that each class has the same experiences, you may need to purchase the additional materials in the quantities listed in the table below.

OTHER THINGS TO CONSIDER

- Duplicate student sheets.
- You could have some classes start with Activity 1-2 and other classes do Activities 3-4. This would cut down on the amount of extra permanent equipment needed. The above lists assumes that all classes would be starting with Activity 1.
- You may want to make extra paper copies of the Class Calendars if you are teaching more than two classes.
