Investigations Guide Vocabulary

Investigation 1: Exploring Air

air
air resistance
barrel
blow
bubble
canopy
compress
distance
engineer
gas
matter
move
parachute
plunger
pressure
push
rocket
submerge
syringe
system
tube
wind

Investigation 2: Observing the Sky

change
cirrus
cloud
cold
cool
cumulus
day
degrees Celsius
degrees Fahrenheit
describe
hot
measure
meteorologist
Moon
night
overcast
partly cloudy

pattern
rain gauge
rainy
record
snowy
star
stratus
Sun
sunny
sunrise
sunset
symbol
temperature
thermometer
warm
water vapor
weather
weather conditions
weather instrument

Investigation 3: Wind Explorations

anemometer
calm
direction
east
gentle breeze
kite
moderate breeze
north
pinwheel
south
strong breeze
west
wind speed
wind vane

Investigation 4: Looking for Change

fall
graph
hibernate
migrate
season
spring
summer
winter

Science Resources Vocabulary

Investigation 1: Exploring Air

air
wind

Investigation 2: Observing the Sky

cloud
gas
Moon
precipitation
rain
shadow
snow
star
storm
Sun
sunrise
sunset
temperature
water vapor
weather

Investigation 3: Wind Explorations

hurricane
measure
meteorologist
resource
tornado
weather balloon

Investigation 4: Looking for Change

dormant
hibernation
migration
season
