INTRODUCTION

Each FOSS investigation follows a similar design to provide multiple exposures to science concepts. The design includes these pedagogies.

• Active investigation, including outdoor experiences
• Writing in science notebooks to answer focus questions
• Reading in FOSS Science Resources
• Assessment to monitor progress and motivate student reflection on learning

In practice, these components are seamlessly integrated into a continuum designed to maximize every student’s opportunity to learn. An instructional sequence may move from one pedagogy to another and back again to ensure adequate coverage of a concept.

The FOSS instructional design recognizes the important role of language in science learning. Throughout the pedagogical design elements, students engage in the practices of the Common Core State Standards for English Language Arts. The purpose of this chapter is to provide the big picture of how FOSS provides opportunities for the development and exercising of these practices through science. On the following pages, there is a chart that identifies the opportunities for kindergarten and where the relevant opportunities are found within the three FOSS modules.
Guiding Principles

When integrating language-arts instruction with FOSS, keep in mind these guiding principles:

• FOSS investigations follow a clear and coherent conceptual flow and a consistent instructional design. Students develop science knowledge by building a framework of concepts and supporting ideas.

• Common Core State Standards for ELA are introduced, developed, and practiced in the context of learning science content and engaging in the science and engineering practices. Students read and comprehend complex science texts related to their prior experience and knowledge. They write informational/explanatory texts, arguments to support claims, and narratives about experience in science. They engage in collaborative discussions about science and learn new vocabulary and language structures in context.

• The decision to use additional science texts, writing tasks, oral discourse opportunities, and vocabulary development activities is based on how well they address the science as well as the ELA standards.

• Instruction is differentiated to meet the needs of all students; the linguistic accommodations that are made for English learners support comprehensible input and accelerate academic language development. Language objectives for English learners in science instruction include the application of strategies that support construction of meaning from academic discussions and complex text, participation in productive discourse, and the ability to express ideas in writing clearly and coherently according to task, purpose, and audience.

• Formative assessment tools are used routinely to measure progress toward science understanding, use of science and engineering practices, and meeting literacy and language development goals. Assessment is viewed as a way to make student thinking visible and to determine next steps for instruction for both science and literacy. Instruction includes opportunities for students to assess themselves and peers.

Adhering to these guiding principles optimizes instructional time and, most importantly, benefits student learning by providing authentic and relevant contexts for building content knowledge, applying meaning-making strategies, and developing language and literacy skills.

Kindergarten is a year of wonder and exciting challenges as students expand their learning about the world around them. They engage
in interactive experiences with reading and writing, and develop the social norms necessary for productive discourse. They develop their abilities to make meaning from texts read aloud and begin to decode on their own. Their vocabularies increase and they continue to develop their communication skills. Kindergartners are expected to use the science and engineering practices to demonstrate their understanding of the core ideas. To accomplish this, students learn to ask and answer questions about key details in texts, use images to support understanding, describe connections between science ideas, and communicate their thoughts orally and in written form using models, drawings, and emerging writing.

**Instructional Flow**

In almost all investigations, the instructional flow is the same and provides these opportunities for effective integration of ELA standards.

- **When setting the context** for the lesson, students activate prior knowledge through class or small-group discussions where they ask and answer questions to get information and clarify understanding (SL 3), or describe familiar places, things, and events (SL 4).
- **During the active investigation**, students are expected to work with partners and in collaborative groups, and to engage in teacher-led discussions where they follow rules for discussion and continue a conversation through multiple exchanges (SL 1).
- **In the data management** phase, students make and record observations, and organize data in their notebooks (W 7). The notebook provides a space for students to recall information from experiences and to gather information to answer the focus question (W 8) and to use words and phrases acquired through conversations and readings (L 6).
- **The analysis** phase involves discussing observations, constructing explanations, and engaging in argumentation (SL 1). Students make meaning by drawing, dictating, and writing explanatory texts (W 2), opinion pieces (W 1), or narratives of events (W 3).
- **Reading** articles in *FOSS Science Resources* and other recommended readings provides a plethora of opportunities to address all the kindergarten reading standards for informational text.
- **Lastly**, the assessment tools and next-step strategies for engaging students in high-level critical thinking support the development of the Common Core State Standards capacities of the literate individual: demonstrate independence, build strong content knowledge, comprehend as well as critique, and value evidence.
## READING STANDARDS FOR INFORMATIONAL TEXT

# Reading Standards: Foundational Skills

## Grade K Standard

1. Demonstrate understanding of the organization and basic features of print.
   a. Follow words from left to right, top to bottom, and page by page.
   b. Recognize that spoken words are represented in written language by specific sequences of letters.
   c. Understand that words are separated by spaces in print.
   d. Recognize and name all upper- and lowercase letters of the alphabet.

2. Demonstrate understanding of spoken words, syllables, and sounds (phonemes).
   a. Recognize and produce rhyming words.
   b. Count, pronounce, blend, and segment syllables in spoken words.
   c. Blend and segment onsets and rimes of single-syllable spoken words.
   d. Isolate and pronounce the initial, medial vowel, and final sounds (phonemes) in three-phoneme (consonant-vowel-consonant, or CVC) words.* (This does not include CVCs ending with /l/, /r/, or /x/.)
   e. Add or substitute individual sounds (phonemes) in simple, one-syllable words to make new words.

Inv 2, Part 1, Step 10; Inv 2, Part 2, Step 18; Inv 2, Part 3, Step 7; Inv 2, Part 5, Step 13; Inv 2, Language Extension, Make a paper chart  
Inv 3, Part 1, Step 18; Inv 3, Part 2, Steps 9, 12; Inv 3, Part 3, Step 10; Inv 3, Part 4, Step 10; Inv 3, Part 5, Step 9 |
| 8. With guidance and support from adults, recall information from experiences or gather information from provided sources to answer a question. | All investigations provide students with the opportunity to write about their science experiences and record their observations in their science notebooks.  
Selected examples  
Inv 1, Part 1, Step 18; Inv 1, Part 2, Step 17; Inv 1, Part 3, Steps 12, 21; Inv 1, Part 4, Step 11; Inv 1, Part 5, Step 16; Inv 1, Part 6, Step 13; Inv 1, Part 7, Step 9  
Inv 2, Part 1, Step 10; Inv 2, Part 2, Step 18; Inv 2, Part 3, Step 7; Inv 2, Part 5, Step 13  
Inv 3, Part 1, Step 18; Inv 3, Part 2, Steps 9, 12; Inv 3, Part 3, Step 10; Inv 3, Part 4, Step 10; Inv 3, Part 5, Step 9  
Inv 4, Part 1, Step 15; Inv 4, Part 2, Step 15; Inv 4, Part 3, Step 9 |
### Writing Standards

**Standards:**

1. Participate in shared research and writing projects (e.g., explore a number of books by a favorite author and express opinions about them).
   - In every investigation students record their observations in their notebooks.
   - Selected examples:
     - Inv 1, Part 1, Steps 19, 22; Inv 1, Part 2, Step 17; Inv 1, Part 3, Step 22; Inv 1, Part 4, Step 11; Inv 1, Part 5, Step 16; Inv 1, Part 6, Step 13; Inv 1, Part 7, Step 9; Inv 1, Language Extensions, Create a wood chart, Create a class book of objects made of wood.
     - Inv 2, Part 1, Step 10; Inv 2, Part 2, Step 18; Inv 2, Part 3, Step 7; Inv 2, Part 5, Step 13; Inv 2, Language Extension, Make a paper chart.

2. With guidance and support from adults, recall information from experiences or gather information from provided sources to answer a question.
   - All investigations provide students with the opportunity to write about their science experiences and record their observations in their science notebooks.
   - Selected examples:
     - Inv 1, Part 1, Step 18; Inv 1, Part 2, Step 17; Inv 1, Part 3, Steps 12, 21; Inv 1, Part 4, Step 11; Inv 1, Part 5, Step 16; Inv 1, Part 6, Step 13; Inv 1, Part 7, Step 9.
     - Inv 4, Part 1, Step 9.

### LANGUAGE STANDARDS

#### Grade K Standard

1. Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.
   a. Print many upper- and lowercase letters.
   b. Use frequently occurring nouns and verbs.
   c. Form regular plural nouns orally by adding /s/ or /es/ (e.g., *dog*, *dogs*; *wish*, *wishes*).
   d. Understand and use question words (interrogatives) (e.g., *who*, *what*, *where*, *when*, *why*, *how*).
   e. Use the most frequently occurring prepositions (e.g., *to*, *from*, *in*, *out*, *on*, *off*, *for*, *of*, *by*, *with*).
   f. Produce and expand complete sentences in shared language activities.

2. Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing.
   a. Capitalize the first word in a sentence and the pronoun *I*.
   b. Recognize and name end punctuation.
   c. Write a letter or letters for most consonant and short-vowel sounds (phonemes).
   d. Spell simple words phonetically, drawing on knowledge of sound-letter relationships.

4. Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on kindergarten reading and content.
   a. Identify new meanings for familiar words and apply them accurately (e.g., knowing *duck* is a bird and learning the verb to *duck*).
   b. Use the most frequently occurring inflections and affixes (e.g., *-ed*, *-s*, *re-*, *un-*, *pre-*, *-ful*, *-less*) as a clue to the meaning of an unknown word.

#### Materials and Motion Module

All investigations provide opportunities for students to demonstrate command of the conventions of standard English grammar when writing and speaking.

Selected examples
- Inv 1, Part 1, Steps 1, 5, 14, 16, 18, 19, 22; Inv 1, Part 2, Step 17; Inv 1, Part 3, Steps 11, 12; Inv 1, Part 4, Steps 10-12; Inv 1, Part 5, Step 16; Inv 1, Part 7, Step 9
- Inv 2, Part 1, Step 10
- Inv 3, Part 2, Step 12

All investigations provide opportunities for students to demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing in their science notebooks.

All investigations provide opportunities for students to apply the conventions of English grammar when writing and speaking.

Selected examples
- Inv 1, Part 1, Steps 1, 5, 14, 16, 18, 19, 22; Inv 1, Part 2, Step 17; Inv 1, Part 3, Steps 11, 12; Inv 1, Part 4, Steps 10-12; Inv 1, Part 5, Step 16; Inv 1, Part 7, Step 9
- Inv 2, Part 1, Step 10
- Inv 3, Part 2, Step 12

All investigations provide opportunities for students to practice strategies for determining or clarifying the meaning of unknown and multiple-meaning words and phrases while discussing the investigations and articles in F O S S Science Resources.

Selected examples
- Inv 1, Part 1, Step 16; Inv 1, Part 2, Step 12; Inv 1, Part 3, Step 19; Inv 1, Part 7, Step 7
- Inv 2, Part 1, Step 9; Inv 2, Part 2, Step 17; Inv 2, Part 3, Step 6; Inv 2, Part 4, Step 9; Inv 2, Part 5, Step 12
- Inv 3, Part 1, Step 14; Inv 3, Part 2, Step 12; Inv 3, Part 3, Step 9; Inv 3, Part 5, Steps 2, 3, 5

### Language Standards

**Trees and Weather Module**

All investigations provide students with opportunities to explore word relationships and nuances of certain words that have a specific meaning in science, such as observe, plant, tree, trunk, stem, roots, compare, shape, patterns, similar, adopt, living, nonliving, bark, circumference, textures, flowers, seeds, cones, need, space, toothed, lobed, rough, rounded, property, paddle, line, spear, oval, heart, silhouette, outline, weather, air, clouds, monitor, hot, cold, temperature, thermometer, freezing, cold, warm, wind, direction, blossom, bud, evergreen, fall, flower, food, forcing, needle scale, season, spring, summer, winter, and swollen.

Selected examples
- Inv 1, Part 3, Steps 1, 2, 6; Inv 1, Part 4, Steps 2, 5, 6; Inv 1, Part 5, Step 14; Inv 1, Part 6, Step 10
- Inv 2, Part 1, Step 9; Inv 2, Part 2, Step 2; Inv 2, Part 3, Steps 4-6; Inv 2, Part 4, Step 6
- Inv 3, Part 2, Step 1; Inv 3, Part 3, Step 10
- Inv 4, Part 3, Step 2; Inv 4, Part 4, Steps 1, 6; Inv 4, Part 7, Steps 1, 2

---

**Animals Two by Two Module**

All investigations provide students with opportunities to explore word relationships and nuances of certain words that have a specific meaning in science, such as animal, parts, surface, male, female, bill, foot, tentacle, shell, rough, smooth, soil, segment, shelter, bristle, isopods, section, antennae, protect, living, and nonliving.

Selected examples
- Inv 1, Part 2, Steps 3, 5, 6; Inv 1, Part 3, Step 4; Inv 1, Part 4, Steps 2, 13; Inv 1, Part 5, Step 14
- Inv 2, Part 1, Step 10; Inv 2, Part 2, Steps 6, 7; Inv 2, Part 3, Steps 8, 17
- Inv 3, Part 2, Step 4; Inv 3, Part 3, Steps 3, 14
- Inv 4, Part 4, Step 12

---

All investigations provide students with opportunities for students to use new science words and phrases acquired through science discussions and readings. Science vocabulary words are in bold when they are first introduced to students in FOSS Science Resources. Students also review the vocabulary in the Review vocabulary section for each part of each investigation.

Selected examples
- Inv 1, Part 1, Steps 1-4; Inv 1, Part 2, Steps 1, 3-7, 9; Inv 1, Part 3, Steps 1, 2, 5, 6; Inv 1, Part 4, Steps 2-4; Inv 1, Part 5, Steps 1, 7, 10, 12, 13, 19
- Inv 2, Part 1, Steps 3, 9, 10; Inv 2, Part 2, Steps 2, 7-9; Inv 2, Part 3, Steps 6, 8, 9, 11, 12
- Inv 3, Part 1, Steps 2, 3, 6, 7; Inv 3, Part 2, Steps 4-16; Inv 3, Part 3, Steps 3, 4
- Inv 4, Part 1, Steps 2, 4, 8; Inv 4, Part 2, Steps 4, 6; Inv 4, Part 3, Step 8; Inv 4, Part 4, Step 7
