Reviewing Other Presentations

Follow these instructions for each geoscenario you visit.

1. On the *Geoscenario Presentation Notes* notebook sheet,
   - write the name of the geoscenario;
   - write the names of the experts presenting at the station.

2. Choose two of the following questions to ask the experts. Record the questions on *Geoscenario Presentation Notes*.
   a. What are interesting or important geologic features in this region?
   b. What geological processes formed this region?
   c. What can you say about the future of this region?
   d. How does the geology of this place affect people?
   e. How does the geology of this place affect the environment?

3. Create your own question for each geoscenario. Write the question on *Geoscenario Presentation Notes*.

4. Listen to the team’s presentation. Ask your questions and record answers on *Geoscenario Presentation Notes*. Record additional notes on a labeled page in your notebook.

5. After each team’s presentation, answer the last question on *Geoscenario Presentation Notes*: How is this location similar to or different from your group’s site?
