Focus the task

The goal of this project is to tell the geologic story of a place. The site you are studying is your place for the next 4 days. What is its story?

• Today, day 2, will be spent working on your specialist notes.
Focus the task

• On day 3, you’ll share your specialized information with the rest of the team. Each team member should be an expert on your site, understanding all the specialists’ information, and you will have created a poster with all the information from your checklist to help present the story of your place.
Focus the task

- On days 4 and 5, each team member must be prepared to present the group’s poster and information to other groups.
